TUBEROUS BEGONIA, PICOTEE TYPE

TUBEROUS BEGONIAS

TUBEROUS BEGONIAS are growing in popularity each year. They are unsurpassed for planting in shady places, in baskets, pots and porch boxes. Their gorgeous shades and colors, their immense size, make them the outstanding summer flower. If you want a show place plant Begonias. Our 3-page Bulletin will give you complete instructions. We include a copy with each order.

Largest size tubers—Each 45c, Doz. \$4.50

DOUBLE CAMELLIA—This is the most popular type, having large double flowers resembling a camellia or rose. Colors are white, pink, rose, yellow, blush, apricot, orange, dark red, scarlet, dark salmon, cardinal red, flame orange, light salmon, crimson rose, American Beauty.

DOUBLE PICOTEE—Flowers of the same beautiful form as the camellia type but the color is two-toned, the center light, the picotee edge pink, rose, salmon, apricot, or red.

CARNATION TYPE (Fimbriata)—Full double type with each petal fringed like a carnation. Colors: White, blush pink, rose, yellow, apricot, orange, scarlet, light salmon, crimson rose, dark salmon, and red salmon.

SINGLE FRILLED—Having four large petals beautifully ruffled or frilled. Colors: White, yellow, pink, scarlet, rose, and salmon.

CRESTED TYPE (Cristata)—A beautiful show type, the plants being covered with masses of flowers having a crested formation on each petal. We grow these in mixed colors only.

MARGINATA—A frilled type of Begonia coming in white with a pink edge, and salmon with a copper edge.

MARMORATA—A double camellia-flowered Begonia beautifully mottled red and white.

MULTIFLORA—This makes a very fine pot or bedding plant being covered with a mass of bloom. Mixed colors only.

ROSE-BUD—A smaller rose-bud type flower usually in two shades, the back of the petal being darker than the face. Mixed colors.

HANGING BASKET TYPE—A very attractive type having double flowers similar to the Camellia type but smaller. They should be planted in window boxes, hanging baskets, pots on pedestals, or a shady place in rock garden. They are very showy, covered with masses of blooms. Colors: White, pink, rose, salmon, yellow, scarlet, apricot and orange.

1949 NOVELTY BEGONIAS

We are offering this year a number of named varieties of Tuberous Begonias. This stock, similar to the famous English line of named Begonias, is being produced in this country by a well-known California hybridizer. The supply is still limited so we advise early ordering.

RED TRIUMPH—A very large flower in the ruffled camellia type; the color ruby-red with velvety texture.

ROSE DAWN—A large ruffled flower of rose-pink, resembling a full-blown rose.

STARS AND STRIPES—Brick-red flowers speckled with white. Blossoms not so large but very numerous.

SANTA PAULA—A very large flowered light salmon camellia.

SANTA CRUZ—A very large dark red camellia.

SANTA ROSA—A deep rose camellia type with strong sturdy stems.

SANTA MARGARITA—A large ruffled flower of light pink.

SANTA BARBARA—Deep yellow, the finest yellow ever produced.

SANTA CLARA—Apricot, long petaled deep flower.

DAHLIAS

We grow at Wilshire Gardens a large number of the smaller types of Dahlias as well as some of the large flowered ones. The smaller types are especially good as cut flowers and for bedding. Described in our list are Pompons, the very small ball type; Miniatures, similar to the larger flowering but measuring 3 to 4 inches across; Cactus, Colarettes, Mignon and Dwarf-bedding types. All of the smaller types are covered with bloom and make a showy plant in the garden.

PLEASE NOTE—Because DAHLIA TUBERS must be mailed later than most other bulbs we cannot accept orders for less than one dollar's worth of tubers. Packing and shipping expense will not allow the mailing of separate orders smaller than the above amount.
